Pre-Conference: Development and Application of the 2002 National Electrical Safety Code (Tuesday-Thursday, November 1-3)

This 2-1/2 day seminar on the Development and Application of the National Electrical Safety Code will instruct you in the legal requirements and application of the NESC. It will cover important aspects of substations, grounding, clearances, and underground installations. The seminar is taught by experts from Clapp Research Associates, a nationally renowned firm specializing in the proper application and development of the NESC.

To register for the pre-conference, check the appropriate box on the Joint Engineers Conference registration form. The \$750 (\$800 for non-sponsor members) registration fee includes the pre-conference, the Joint Engineers Conference, continental breakfasts and lunches Tuesday-Friday.

NSPE Western & Pacific Regional Meeting (Saturday, November 5)

The National Society of Professional Engineers (NSPE) will hold the annual meeting of the Western and Pacific Region on Saturday November 5 at the Red Lion Colonial Hotel. The meetings are open to everyone. Members of the Montana Society of Engineers are members of NSPE and are encouraged to participate in the meetings.

To register for the meeting, check the appropriate box on the Joint Engineers Conference registration form. The \$50 registration fee includes lunch and continental breakfast on Saturday. The fee does not include registration for the Joint Engineers Conference on Thursday and Friday; please register separately for the conference on the registration form.

The logo for the 2005 Joint Engineers Conference is located in the top left corner. It features a dark blue square with a lighter blue background showing a gear and a skull. The text "2005 Joint Engineers Conference" is written in white, stacked vertically.
